Thanks, David. The permit should be issued to the Hollywood Property Owners Alliance. **Kerry and Rich**, please see below.

Regarding the permit - thank you for expediting. However, I believe it will need to be issued before 7/27, so that the HPOA (the BID) can schedule the work **prior** to BSS's scheduled sidewalk work on Saturday 7/28. **Kerry and Rich**, when (before 7/28) are you looking to remove the trees? On what date?

Thanks,

Dan Halden

Hello everyone,

Dan this site does not need to go to Board for approval. UFD Chief Forester Tim Tyson can approve permit in house. I will review work to be performed with Mike Allmon and provide necessary permits.

UFD would need to know to whom the permit shall be made out to. There will be tree replacements and delivery of trees to our bureaus nursery. All tree removal and replacements shall be done by applicant and said trees shall be watered for a period of three years.

All verbiage and instructions will be on permit.

We will reinspect site once we have meet with Mike and permits provided by 07/27/2018.

Best,

David Miranda

Thanks, Tim. My understanding from Dave directly is it does NOT need to go to the Board. Is a B permit still needed?

UFD does not issue B permits. TT

Dave does this [need.to](#) go to Board for approval?

Hi Dave and Tim,

I'm CCing Rich Sarian and Kerry Morrison from the Hollywood BID. As you know, the BID plans to remove 2 of the 4 ficus trees outside of the public parking garage at [1718 Cherokee Ave](#). The 2 trees are the northernmost and the southernmost of the 4, as directed by Dave.

After the trees are removed, BSS (through Michael Allmon and Yalin) will have a crew to remove the stump/roots and repair the sidewalk on the weekend of July 28th. Can you make sure a B-Permit is issued to the BID ASAP so that the tree removal can be completed before July 28th? There are a number of pending projects with BSS and we cannot afford any delays.

Thanks,

Dan Halden
